

# Connecticut Valley School of Woodworking

Greetings:

You are signed up for the Make a Cabriole leg class with Phil Lowe. This is a great skill to learn and I know you will learn more than you thought possible.

While the school has plenty of handtools, sharpened and ready to go, it is always better to be learning on your own tools.

The following is a list of tools you should bring to the class if you have them.

- bench chisels (including a wide chisel- 1" or 1 1/4")
- cutting gauge
- card scraper
- shoulder plane
- pencils
- layout knife
- T bevel
- combination square
- Nicholson # 49 or # 50 cabinet rasp
- Flat bottom spokeshave
- Mill file

I am looking forward to a great class.

Bob Van Dyke

Director

Connecticut Valley School of Woodworking
